Justification

1. [Reasons for adding this course if it is new](#):
2. Reasons for cross listing this course:

POLS 3412 is a social science core course for the Environmental Studies major. It is the program's hope to cross-list most of its core courses, so that the program can offer them, when needed, regardless of the staffing demands in the home department.

3. Does the title or [course description](#) clearly indicate that the course is appropriate to list under all headings? ☒ Yes ☐ No
4. [Effects on other departments](#): None
5. Effects on regional campuses: None
6. [Staffing](#): Mark Boyer is currently the only faculty teaching this course. But during leave times, it may be necessary to offer this core course with another instructor or through the proposed EVST number.

As long as David is fine with it, I am fine with it (I usually put today's date for C&C and department approval since this kind of change is covered by the blanket resolution at the beginning of the year). By the way, you have an "it's" where you mean "its" in the justification for the change.
