Introduction

The University of Connecticut prepares this report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and the State of Connecticut Act Concerning Sexual Violence on College Campuses.

This report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings, or property owned or controlled by the University of Connecticut; and on public property within, or immediately adjacent to and accessible from, the campus. The report includes institutional policies on campus security, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. The policies apply to all Regional campuses unless otherwise stated.

The full text of this report is available online at <http://www.police.uconn.edu/ucr/index.html>. This report is prepared in cooperation with local law enforcement, the Division of Student Affairs and the Office of the President. These entities provide updated information on their educational efforts and programs to comply with the Act.

Campus crime, arrest, and referral statistics include those reported to the University of Connecticut, designated campus security officials as defined under the Act, and local law enforcement agencies. Each year, an email notification is sent to all enrolled students, faculty, and staff. The email provides information on how to access the Annual Security Report online.

Copies of this report may also be obtained at the Division of Public Safety at 126 North Eagleville Road, Storrs, CT.

About the UConn Police Department

The University of Connecticut Police Department (UConn Police), under the administration of the Chief of Police, is charged with a number of critical areas of responsibility relating to safety and security on campus for its students, employees, and visitors. The UConn Police is established pursuant to Section 10a-142 of the Connecticut General Statutes as an organized police department with the same authority and responsibilities as any municipal police department within the State of Connecticut, including the authority to make arrests. UConn police, on duty 24/7, conducts highly visible vehicle and foot patrols and are responsible for enforcing all State of Connecticut laws, both criminal and motor vehicle. Sworn officers are State employees and graduates of the Connecticut Police Officer Standards and Training Academy. In addition, each officer

undergoes required annual in-service training, well above the minimum requirements mandated by Connecticut statutes, to maintain and improve their skills as police officers. The UConn Police work closely and has an on-going working relationship with Connecticut State Police and various Federal agencies and local police departments throughout the state in accordance with Connecticut General Statutes, chapter 104, Sec. 7-277a (police assistance agreements). The UConn Police Department does not have a written Memorandum of Understanding (MOU) with the Connecticut State Police or Regional campuses neighboring municipalities regarding the investigation of criminal incidents.

UConn Police encourages accurate and prompt reporting of all crimes to their department using the contact information listed. Students and employees should report criminal offenses to the UConn Police for the purpose of making timely warning reports and annual statistical disclosure.

Policy against Discrimination, Harassment and Inappropriate Romantic Relationships

The commitment of the University of Connecticut to the most fundamental principles of academic freedom, equality of opportunity, and human dignity requires that decisions involving students and employees be based on individual merit and be free from invidious discrimination in all its forms.

The University of Connecticut will not engage in discrimination or harassment against any person because of race, color, religion, sex, national origin, ancestry, age, order of protection status, genetic information, marital status, disability, sexual orientation including gender identity, unfavorable discharge from the military or status as a protected veteran and will comply with all federal and state nondiscrimination, equal opportunity and affirmative action laws, orders and regulations. This nondiscrimination policy applies to admissions, employment, access to and treatment in the University programs and activities.

For more information is this policy go to: <http://policy.uconn.edu/?p=2884>

Voluntary Confidential Reporting

We encourage anyone who witnessed or has been a victim of a crime to immediately report the incident by calling 911, or for a non-emergency, 860-486-4800. Police reports in the state of Connecticut are public records, and UConn Police cannot hold reports of crime in confidence. Confidential reports

for inclusion in the annual disclosure of crime statistics can be made to other Campus Security Authorities.

Campus Security Authorities are expected to report crimes to UConn Police as soon as they have knowledge of a reported crime so that UConn Police can determine whether a Campus Crime Alert is necessary. In addition, the UConn Police collects crime statistics, if any, from reporting agencies that typically include (but are not limited to): Residential Life, Office of Community Standards and Women's Centers. Additionally, each year, the Deans, Directors and Department Heads report Clery reportable crimes, if any were received. Each of these reports is reviewed by UConn Police to confirm that it meets the requirements under the Clery Act.

What is Campus Security Authority?

Campus Security Authority is a Clery-specific term that encompasses four groups of individuals and organizations associated with an institution.

- ❑ A campus police department or a campus security department of an institution.
- ❑ Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department.
- ❑ Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- ❑ An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

Anonymous Reporting

If you would like to report a crime but do not wish to reveal your identity, the police department offers an anonymous hotline (860-486-4444) that allows you to leave specific information about an incident while ensuring your confidentiality. Cases reported anonymously are disclosed in the annual crime statistics.

The UConn Police communicates with pastoral and professional counselors and requests that, if and when they deem it appropriate, they inform the persons they are counseling of any procedures to report crimes anonymously using the hotline described for inclusion in the annual disclosure of crime statistics.

Crime Alerts: Timely Warnings

Campus Crime Alerts are issued whenever a serious crime or series of crimes – on campus or in the surrounding communities – poses a continuing risk to students and employees. Crime Alerts are issued for specific crime classifications such as murder, sex offenses, robbery, aggravated assault/battery, burglary, motor vehicle theft, manslaughter, arson, and any hate crimes involving bodily injury in which the victim was intentionally selected due to actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability. Crime Alerts may also be posted for other crimes when necessary.

The decision to issue a Timely Warning/Crime Alert will be considered on a case-by-case basis depending on the risk and when and where the incident occurred.

Within the guiding principle of alerting the community to a threat which may affect it, and whose timely dissemination will aid in the prevention of a similar crime, the following factors may be considered when evaluating whether to issue a Crime Alert:

- a. whether the crime represents an ongoing or continuing risk to current victims, or has the potential to create new victims;
- b. whether the crime occurred on campus, or is contiguous to campus;
- c. the credibility of reports received by UConn Police or other law enforcement agencies; or
- d. the nature of the crime(s) involved

Crime Alerts for the above listed crimes will not be sent if:

- a. The suspect(s) are apprehended and the risk to students and employees has been mitigated by the apprehension.
- b. A report is not filed with UConn Police or another police agency or campus official in a manner that would allow the posting of a “timely” warning. As a general guideline, a report that is filed with the UConn Police or provided by an outside police agency several days after the date of the alleged incident may not provide the opportunity for a “timely” warning to the community. This type of situation will be evaluated on a case-by-case basis.
- c. The posting of a “timely” warning would jeopardize law enforcement efforts.

The Chief of Police, Police Captains, Police Supervisors and Dispatchers are authorized to create and disseminate Crime Alerts. When issuing a Crime Alert, UConn Police send a mass email to all students, faculty, and staff indicating a crime has occurred and providing a link to the Division of Public Safety website at <http://alert.uconn.edu/>, for more information.

We encourage all students, faculty, and staff to register for the Alert emergency notification service by going to <http://alert.uconn.edu/about.php> . For questions or problems concerning the Alert service, please contact the Help Desk at 860-486-4357 or visit Helpcenter@uconn.edu .

Emergency Notification: Safety Alert

Upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus, UConn Police Department will immediately notify the campus community using a systemized emergency communication procedure (RAVE Alert Mass Notification System). The University has developed an integrated and comprehensive procedure which includes all of the following emergency alert systems: cell phone text messages, emails, voicemails, outdoor mass notification system announcements using a siren/voice alert system, indoor notifications monitors, campus

blue telephones, social networking sites, face to face communications and website notifications at <http://alert.uconn.edu/>

UConn Police will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

Daily Crime Logs

The Police Department maintains a Daily Crime Log that records, by the date the incident was reported, all crimes and other serious incidents that occur within the department's patrol jurisdiction. This log is available for public inspection at UConn Police headquarters in dispatch and includes the nature, date, time, and general location of each crime reported to the department.

Security of and Access to Campus Facilities

Most campus buildings and facilities are accessible to members of the campus community, guests, and visitors during normal hours of business – Monday through Friday, and for limited designated hours on Saturday, Sunday, and holidays.

Facilities are maintained, and their security monitored in the interest of the campus. Many cultural and athletic events held in University facilities at Storrs and Regional Campuses, such as The Benton Museum, Gampel Pavilion and the Jorgensen Center for the Performing Arts, are open to the public with the purchase of tickets. Other facilities such as the UConn Co-Op Bookstore, libraries, and cafeterias are also open to the public.

Access to academic and administrative facilities on campus generally is limited to students, employees, and visitors for the purpose of studying, working, teaching, and conducting other University business. However, the academic buildings are open and accessible during normal business hours and often into the evening hours for classes and meetings and as such, visitors can gain access during those hours. Each academic building has established its hours based on the needs of specific academic departments. UConn Police provide random patrols by using foot, bicycle, motorcycles and vehicle patrols of the non-residential facilities as time permits. At

Storrs all residential areas and exterior doors of University residence halls are locked 24 hours per day and door access is controlled by Husky One Card readers. The Field House Gymnasium is also monitored through the Husky Card access reader. The Regional campuses do not have any residential halls. Go to page 30 for additional information on Regional Campuses.

The Husky Watch Safety Escort program is available to provide university community member's safe escorts. Husky Safety Escorts are also tasked with providing random foot patrols of the exteriors of academic buildings and dormitories. Husky Safety Escorts work Sunday through Wednesday from 8:00 pm to 2:00 a.m. and Thursday through Saturday from 8:00 p.m. to 3:00 a.m. UConn Police Officers are on duty 24 hours a day, seven days a week, and 365 days a year.

Maintenance of Campus Facilities

Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. UConn Police regularly patrol the campus and report malfunctioning lights and other potentially unsafe physical conditions to Facilities and Services for correction. During the Spring and Fall the Undergraduate Student Government (USG) canvasses the entire campus and makes notes of

safety concerns (i.e. potholes, dimly lit areas, unsanctioned paths, blue lights, etc.) and presents the concerns through the proper University departments and facilities. Representatives from the UConn Police and Facilities Operations participate in these safety walks with USG. Other members of the University community are helpful when they report equipment problems to the UConn Police or to Facilities Operations and Services. Facilities Operations has a procedure to handle all emergency requests. Facilities assign a Priority code #1 to emergency requests that could result in an immediate or imminent threat to life, or severe property damage: i.e. flooding, no power, broken window.

Regional Campuses work with their own Facilities Operation Departments to provide the same level of safety and service to their communities. See page 30 for more information.

Alcohol and Other Drug Services

The Department of Wellness and Prevention Services is committed to providing education, opportunities, information, and resources to the university community regarding health and wellness. The department strives to create an environment that promotes, encourages and supports healthy decisions and behaviors in the area of alcohol and other drugs, sexual health, stress management and other area of wellness. Their services include prevention and education in the following areas: alcohol and other drug, peer education, sexual health and stress management. Working in collaboration with various university departments such as Nutrition and Physical Activity, Recreational Services, Counseling and Mental Health Services, Student Health Services, Off Campus Services, Residential Life and cultural centers, we seek to provide continuity of care, diverse programs and education for UConn students and the community. Go to for more information: <http://www.wellness.uconn.edu/> The Policy on Alcohol and Other Drugs can be read at:

How Drug Use Affects your Health

Adverse health effects can range from nausea and anxiety to coma and death. There are risks associated with the chronic use of all psychoactive drugs, including alcohol. A pregnant woman who uses alcohol, cigarettes, or other drugs exposes her fetus to serious risks, including miscarriage, low birth weight, and brain damage.

Substance abuse may involve controlled substances, illegal drugs, and alcohol—all of which pose a health risk. When drugs are used in combination with each other, their negative effects on the mind and body are often multiplied beyond the effects of the same drugs taken on their own.

Alcohol is the drug most frequently abused on college campuses and in our society. Even small amounts of alcohol significantly impair the judgment and coordination required to drive a car, increasing your chances of having an accident. Consumption of alcohol may be a factor in the incidence of aggressive crimes, including date rape and domestic abuse. Moderate to large amounts of alcohol severely impair your ability to learn and remember information. Because

alcohol is a depressant, very large amounts can cause respiratory and cardiac failure, resulting in death.

Marijuana impairs short-term memory and comprehension. It can cause confusion, anxiety, lung damage, and abnormalities of the hormonal and reproductive system. Hours after the feeling of getting high fades, the effects of the drug on coordination and judgment remain, heightening the risk of driving or performing other complex tasks. Cannabis, a fat-soluble substance, may remain in the body for weeks, and an overdose can cause paranoia, panic attacks, or psychiatric problems.

Club Drugs refers to a wide variety of drugs including MDMA (Ecstasy), GHB, rohypnol, ketamine, methamphetamine, and LSD, and are often used at raves, dance clubs, and bars. No club drug is safe due to variations in purity, potency, and concentration, and they can cause serious health problems or death. They have even more serious consequences when mixed with alcohol.

Depressants such as barbiturates, Valium and other benzodiazepines, Quaaludes, and other depressants cause disorientation, slurred speech, and other behaviors associated with drunkenness. The effects of an overdose of depressants range from shallow breathing, clammy skin, dilated pupils, and weak and rapid pulse to coma and death.

Hallucinogens such as LSD, MDA, PCP (angel dust), mescaline, and peyote can cause powerful distortions in perception

and thinking. Intense and unpredictable emotional reactions can trigger panic attacks or psychotic reaction. An overdose of hallucinogens can cause heart failure, lung failure, coma, and death.

Narcotics like heroin, codeine, morphine, methadone, and opium cause such negative effects as anxiety, mood swings, nausea, confusion, constipation, and respiratory depression. Overdose may lead to convulsions, coma, and death. The risk of being infected with HIV/AIDS or other diseases increases significantly if you inject drugs and share needles, and there is a high likelihood of developing a physical and psychological dependence on these drugs.

Stimulants – cocaine, amphetamines, and others – can cause agitation, loss of appetite, irregular heartbeat, chronic sleeplessness, and hallucinations. Cocaine and crack cocaine are extremely dangerous and psychologically and physically addictive. An overdose can result in seizures and death.

Tobacco, with its active ingredient nicotine, increases your heart rate and raises your blood pressure. The tar in cigarette smoke is a major cause of cancer and other respiratory problems. Carbon monoxide in cigarette smoke can promote arteriosclerosis, and long-term effects of smoking include emphysema, chronic bronchitis, heart disease, and lung cancer.

Drug use by Students and Employees

The University is committed to maintaining a drug and alcohol-free environment for its students and employees, in compliance with applicable federal and state laws. Students or employees who violate federal or state laws concerning the possession, use, or sale of drugs or alcohol are subject to criminal prosecution, as UConn Police actively enforce these laws. Those who violate University policies may also be subject to institutional sanctions.

No one under the age of 21 (twenty-one) may store, possess, or consume alcoholic beverages on any property under the control of the University of Connecticut, including UConn controlled or owned housing. Persons of legal drinking age—21 years of age or older—may possess or consume alcoholic beverages only in areas or at functions specifically designated or approved for such use.

The unlawful or unauthorized possession, use, distribution, dispensation, sale, or manufacture of controlled substances or alcohol is prohibited on University property or as part of any University activity. Students will also be subject to disciplinary action for violations of the alcohol or drug policy that occur off campus or on private property.

Employees or students who violate the policy may be disciplined in accordance with University policies, statutes, rules, regulations, employment contracts, and labor agreements, up to and including dismissal and referral for prosecution. The University may contact the parents of students under the age of 18 for violations of *Responsibilities of Student Life: The Student Code (The Student Code)*.

Disciplinary Actions of University Employees

Employees are subject to disciplinary action – including discharge – for unauthorized consumption of alcohol on institutional time or property; inability to perform satisfactorily their assigned duties as a result of consuming alcohol; illegal or excessive use of drugs, narcotics, or intoxicants; or unauthorized sale or distribution of drugs, narcotics, or intoxicants.

If you have a problem with controlled substances or alcohol, please seek professional advice and treatment. You may seek confidential help with your problem or obtain a list of counseling and assistance programs by calling the Faculty/Staff Employee Assistance Program at 860-679-2877 or toll-free (in CT) 800-852-4392. In some cases, your supervisor may direct you to request this information.

Violation of the Drug Policy by University Students

Students who illegally possess, use, distribute, sell, or manufacture drugs are subject to disciplinary action and may be dismissed from the University. For more information regarding the policy and sanctions, see *The Student Code* at www.community.uconn.edu.

The University provides educational programs and counseling to students who are substance abusers or who are affected by the substance abuse of others. For confidential help with these problems, contact the Counseling Center at 860-486-4705.

Drug and Alcohol Possession: State Laws

In Connecticut, it is against the law to sell or deliver alcohol to anyone under 21 (twenty-one), or to any intoxicated person [Connecticut Statutes Title 30]. Violations can result in fines of up to \$1,000 or imprisonment up to one year in jail or both. It is also illegal for a person under 21 to present false identification in an attempt to purchase alcohol. On-campus violations are strictly enforced by UConn Police. UConn Police are sworn as Mansfield constables and as such are authorized to enforce violations off-campus. The State of Connecticut has enacted “minor in possession laws” that make it illegal for anyone under the age of 21 to possess alcohol or host underage drinking parties on either private or public property. These laws are meant to discourage underage drinking that often leads to minors committing more serious offenses. The UConn Police Department enforces all state laws regarding underage drinking. Connecticut law strictly prohibits the possession of alcohol by minors on both public and private property and the penalties for first offense could result in fines not less than \$200 and not more than \$500. Anyone under 21 found in possession of alcohol on a public street or highway will be facing the following penalties:

- You will be subject to a 60-day suspension of your driver's license.
- If you are not a licensed driver, you will have to wait 150 day before being eligible to apply for a driver's license.

Anyone under 21 who is found possessing alcohol in any other public or private location will be facing the following penalties:

- You will be subject to a 30-day suspension of your driver's license.
- If you are not a licensed driver, you will have to wait 150 day before being eligible to apply for a driver's license.

Connecticut General Statutes Section 14-111e(a) and 14-111e(b)

Minors Making False Statement to Obtain Alcohol

Any licensed establishment that sells alcohol may require you to sign a statement attesting that you are legally over the age of 21. Making a false statement will result in the following penalties:

- You will be fined up to \$50.00 for a first offense.
- You will be fined up to \$125.00 for a second or any subsequent offense

Connecticut General Statutes Section 30-86a

Drug Possession: Federal Laws

Under federal sentencing guidelines, federal courts can sentence simple-possession first offenders up to one year in imprisonment and a fine of at least \$1,000.00 but no more than \$100,000. Penalties for subsequent convictions are significantly greater. There are separate penalties for possession of cocaine. Possession of more than five grams of cocaine can result on a maximum sentence of 20 years; the fine can be up to \$250,000 fine if:

- 1st conviction and over 5 grams possessed, or
- 2nd conviction and over 3 grams possessed, or
- 3rd conviction and over 1 gram possessed.

The UConn Police enforces Federal and State drug laws.

Weapons on Campus

Possession and/or use of firearms, fireworks, dangerous weapons and hazardous chemicals is strictly prohibited and in many cases violates state law. This applies to students and employees except where authorized to handle weapons or chemicals. (See Student Conduct Code http://www.community.uconn.edu/student_code.html and General Rules of Conduct for Employees as published by the department of Human Resources <http://www.hr.uconn.edu/about/pandptoc.html>)

Behavioral and Threat Assessment Team

The University of Connecticut provides procedures for referral, evaluation, and suitable alternatives to manage potentially disruptive behaviors and/or well-being concerns. The Behavioral Threat Assessment Team (BTAT) is comprised of an Assessment Oversight Committee, and two team components, a Care Team focused on students, and an Employees of Concern Team focused on employees. The Care and Employee of Concern Teams each meet regularly to evaluate behaviors by University students or employees that are perceived to be threatening, harming or disruptive to themselves, others or both, and to coordinate an appropriate response. Such response may include referral to appropriate internal or external resources. The BTAT exists for the safety of students and employees. Its key objective is to develop intervention strategies, enhance mediations, foster a compassionate response, and provide services in an appropriate manner.

The safety of our community is our main concern. The University of Connecticut “Be Aware, show you Care!” Campaign is one of many ways that the community helps each other. Over 14 departments work with the Suicide Prevention Committee all year to provide events, training, and resources to the

community to communicate that there is hope and help for everyone.

For resources and more information please go to: <http://www.suicideprevention.uconn.edu/>

Intimate Partner Violence

Intimate partner violence (IPV) is described as physical, sexual, or psychological harm by a current or former significant other. This type of violence can occur among heterosexual or same-sex couples. It does not require sexual intimacy. Our goal is to educate and prevent this type of violence before it starts by promoting communication and other healthy behaviors when dealing with relationship violence.

Please go to <http://sexualviolence.uconn.edu/violence/report.html> to see your reporting options to protect yourself or help a friend.

Sexual Assault Prevention and Response

According to Connecticut law, sex crimes involve the use of force or threat of force to sexually touch or sexually penetrate the victim's body or forcing the victim to touch or penetrate the

offender's body. Threats of death or use of a weapon increases the severity of legal charges. Sex crimes can be prosecuted even if the victim knew the attacker; the victim did not fight back; the victim had consensual sex with the attacker previously; or the victim was intoxicated or unconscious.

What to do if you are Sexually Assaulted

Seek medical attention immediately. It is important to preserve evidence, so do not shower, change clothes, or disturb the scene of the attack. If you change clothes, put all clothing you were wearing at the time of the attack in individual paper bags (do not use plastic bags). Go to the emergency room of a hospital, and ask a friend to go with you if possible. Hospital personnel will treat the physical consequences of assault, such as injury, infection, disease, and pregnancy. They can collect evidence that will be needed if you report the crime. You may choose whether to speak with police about the assault. The University encourages all victims of sexual assault to report it promptly to UConn Police or the appropriate police agency for the jurisdiction where the incident occurred. A victim who reports a sexual assault has the option to notify local law enforcement and UConn Police will assist the victim. Whether UConn Police or local law enforcement handles the investigation of the crime will depend on the location of the assault, the victim may be referred back to the UConn Police to report the crime and have the crime investigated.

Individuals may also report a sex offense to the University's Title IX coordinator. The Title IX Coordinator's office is responsible for coordinating the University's compliance with Title IX. The Title IX Coordinator is the Associate Vice President of the Office of Diversity and Equity (ODE); (860) 486-2943; at 241 Glenbrook Road Wood Hall ~ Unit 4175 Storrs, Connecticut 06269-4175. The University's sexual harassment policy, including a description of the grievance procedures can be found at the Office of Equal Opportunity and Access website: <http://ode.uconn.edu/discrimination/>.

Whether or not criminal charges are filed, students accused of sexual abuse or assaults are subject to disciplinary actions from the University as outlined in *The Student Code*. Both the accuser and the accused are entitled to the same opportunities during a disciplinary proceeding.

The University may impose the following sanctions following a final determination in a disciplinary proceeding regarding sexual assault, acquaintance rape or other forcible or non-forcible sex offense: University Probation, University Suspension, or University Expulsion. In addition to the previously mentioned, educational sanctions may also be imposed. Both the alleged victim and the accused will be informed of the outcome. The University of Connecticut

Sex Offender Registration

The Connecticut Department of Public Safety maintains a central registry of persons who have been convicted of certain sex offenses and are required to register with the police in the jurisdiction in which they reside. Security Awareness Programs and Crime Prevention

The UConn Police Department attempts to prevent crimes from occurring rather than react to them after the fact. The goal of crime prevention is to eliminate or minimize criminal opportunities whenever possible and to encourage students, faculty, and staff to be responsible

for both their own safety and the safety of others. During New Student Summer Orientation, students and their parents are informed about the types of crimes that may occur on campus and prevention resources offered by UConn Police. In 2012 UConn Police, in cooperation with other organizations, provided approximately 300 presentations to the campus community. Information about these presentations/workshops is listed on our website at

<http://www.police.uconn.edu/communitypolice.html>. We encourage you to take time to browse the website for further information regarding other public safety resources available to the campus community.

The UConn Police Department is committed to community outreach programs directed toward our student body and employees in an effort to inform students and employees about campus security procedures/practices and to promote awareness and enhance personal safety and well-being, both on campus and in the world beyond. Examples of these programs include:

- A general “Crime Prevention & Safety” program geared towards students, faculty & staff. This program provides necessary information to practice safe behaviors on and off

campus by incorporating safety into daily routines and to prevent crimes against people and property.

- A presentation and tour is given to “First Year Experience” classes which provides material which specifically targets first year and transfer students who are new to the university community.
- During “New Student Orientation,” students and their parents are informed of the resources that are available through the UConn Police Department.
- “Active Threat” training is provided to the UConn Community to provide information on making quick, purposeful decisions in the event of a critical incident.
- A “Workplace Violence” program is available to student employees, faculty and staff to assist them in identifying, preventing and handling workplace violence.

In addition, the UConn Police offers specific programs on alcohol & drug awareness, driving while intoxicated (DWI), hate & bias crimes, identity theft and dating violence while these programs are mainly taught at Storrs; the UConn Police will assist Regional Campuses with these programs upon request.

Individual awareness, cooperation and involvement are critical to the success of any campus safety program. Everyone must assume responsibility for their own personal safety and the safety of others.

Educating students about safety issues is also of prime concern to the residence hall staff. Education is done through floor meetings, educational programs on special topics, fliers, posters and information placed on bulletin boards. Residents must accept responsibility for their own safety by attending the programs, keeping informed about security risks and by exercising safety-conscious behavior.

Educating Students and Staff about Sex Offenses

The University of Connecticut is committed to providing the safest environment possible for study and work. Part of that commitment includes educating current and prospective students and employees about campus security. Many of the educational opportunities described below focus wholly or in part on rape awareness and prevention.

Safety Techniques Awareness Resource Team (S.T.A.R.T.)

The S.T.A.R.T. program of the UConn Police Department focuses on enhancing the safety of the community by establishing connections and providing educational training and awareness on sexual and domestic violence prevention and intervention. Through civic outreach and coordination with campus-based and statewide resources, this unit directs its efforts towards creating a culture of respect, civility, and accountability. Among some of the programs the unit delivers are Rape Aggression Defense System Programs, sexual assault prevention and intervention, and other tailored programs upon request.

Rape Aggression Defense (R.A.D.)

The Rape Aggression Defense System consists of realistic, self-defense tactics and techniques—with comprehensive courses for men and women. It begins with awareness, prevention, risk reduction and avoidance, and basic safety techniques training.

R.A.D. is not a martial arts program. Our courses are taught by certified R.A.D. instructors and provide a workbook/reference manual, which outlines the entire physical defense program for continuous personal growth.

The R.A.D. System of physical defense is taught at many colleges and universities. The growing, widespread acceptance of this system is primarily due to the ease, simplicity and effectiveness of our tactics, solid research, legal defensibility, and unique teaching methodology.

UConn Police currently offers the following courses:

- R.A.D. for women - This course has its foundations in education and awareness. The course includes lecture, discussion and self-defense techniques suitable for women of all ages and abilities. Classes range from a minimum of twelve to fourteen hours.
- R.A.D. for men- In this course participants will have the opportunity to: raise their awareness of aggressive behavior, recognize how aggressive behavior impacts their lives, learn steps to avoid aggressive behavior, consider how they can be part of reducing

aggression and violence, and practice hands-on self-defense skills to resist and escape aggressive behavior directed toward them. This program is designed to empower participants to make safer choices when confronted with aggressive behavior.

Emergency Phones

The University of Connecticut has an extensive network of blue emergency phones located in all campus buildings, parking garages and in numerous bus shelters. They are also located on streets and walkways across campus.

The phones are connected directly to the UConn Police Department and are monitored 24-hours a day, 7 days a week, including all holidays.

The phones can be used to request help, report a crime in progress, report suspicious activities, request an escort, or for any other type of emergency you may encounter.

If you need help, press the button on the emergency phone. The call will be answered by the UConn Police Department Dispatch center. They will ask you to explain your situation and will send the appropriate help to your location.

As part of your safety preparedness you should be aware of the locations of the nearest emergency phones as you move around campus. Become familiar with the location at: <http://www.police.uconn.edu/bluephones.htm>

Personal Safety Tips

- ☞ Always keep your doors and windows locked.
- ☞ If possible, let a friend or roommate know where and with whom you'll be and when you'll be back when you go out.
- ☞ Trust your instincts! If you feel uncomfortable about someone near you on the street, in an elevator, or getting off a bus, head for a populated place or yell for help.
- ☞ Use well-lit and busy sidewalks.
- ☞ Avoid walking alone or walking near vacant lots, alleys, construction sites, and wooded areas.
- ☞ Learn the locations of emergency phones on campus.
- ☞ Carry a cell phone, whistle, or a personal alarm to alert people that you need help.
- ☞ In an elevator, stand near the controls. If you feel threatened, hit the alarm and as many floor buttons as you can.
- ☞ When you're on a bus, sit as near the driver as possible.
- ☞ Try to park in an area that will be well lit and heavily traveled when you return.
- ☞ Lock your car doors and roll up the windows completely – even if you're only running a quick errand. Do not leave valuables such as MP3 players and GPS units in plain view.
- ☞ Stay alert at all times and call the police immediately to report suspicious activity.
- ☞ Never leave personal property – including book bags and laptops – unattended.
- ☞ Listening to loud music or using your cell phone distracts you from being alert to potential safety issues. Unplug yourself and tune in to your immediate environment.
- ☞ When driving, be aware of pedestrians and bicyclists and yield to them when required by law.
- ☞ Register your contact information with <http://alert.uconn.edu/about.php>

Off-Campus Crimes and UConn Police

UConn Police do NOT provide primary law enforcement services to off-campus residences or to any sorority and/or fraternity located off-campus. UConn Police maintains partnerships with Community Standards, Connecticut State Police and Off-Campus Student Services to facilitate or assist with resources if needed.

University jurisdiction shall be limited to student conduct that occurs on University premises or at University-sponsored or University-supervised events (including students involved with off-campus internships and study abroad programs). However, the University may apply *The Student Code* to students whose misconduct has a direct and distinct adverse impact on the University community, its members, and/or the pursuit of its objectives regardless of where such conduct may occur. Such behavioral concerns may be referred to the Office of Community Standards.

Criminal Activity Off-Campus

The Office for Student Services & Advocacy maintains close contact with the Connecticut State Police and UConn departments to monitor criminal activity involving students and student organizations. When reports from police departments are obtained, they are forwarded to the appropriate units for further action.

Decisions regarding application of *The Student Code* to off-campus issues are determined by the Office of Community Standards and will be managed by them.

Emergency Preparedness Plans

The UConn Police has a comprehensive emergency operations plan that details immediate response and evacuation procedures, including the use of electronic and cellular communication. The University's Campus Emergency Operations Plan includes information on University operating status parameters; incident priorities; shelter-in-place and evacuation guidelines and overall command and control procedures. For more information on shelter, in place or evacuation guidelines please visit: http://www.reslife.uconn.edu/fire_safety.html

UConn police officers, supervisors and other university members have received training in Incident Command System (ICS) and the National Incident Management System (NIMS). When a serious incident occurs that causes an immediate threat to campus, the first responders to the scene typically are members of the UConn Police Department, Connecticut State Police, UConn Fire Department, and/or the Mansfield Fire Department. These departments work together to manage a large incident. Depending on the size, scale and seriousness of the incident, other University departments and/or other local or state or federal agencies could also be involved in responding to the incident.

If a situation arises that poses a verified, imminent, or ongoing potential threat to the safety, security, or health of students or employees, Safety Alerts will be issued to expedite emergency response and/or evacuation procedures. The goal of a Safety Alert is to notify as many people as possible, as rapidly as possible, and to provide adequate follow-up information as needed. Follow-up information will be available via use of the University Alert Notification System (use of text, email, web alert) on a case-by-case basis. If follow-up information is critical to the community, it may be disseminated using additional mechanisms at the discretion of the Chief of Police or designee. Additional mechanisms may include public media outlets and face to face communications. Campus Alerts are issued for incidents such as an active threat/shooter, major hazardous materials release, major fire, extended power outage, infectious disease outbreak, or a tornado that would directly impact campus.

The University has implemented a formal process that gives the on-duty UConn Police shift supervisor, Fire Chief or Director of Public Safety & Police Chief, and/or designee the authority to confirm a significant emergency or dangerous situation; to develop the content; and to initiate some or all of the campus alert systems to send an emergency message to the campus community. The process also stipulates that an immediate emergency message will not be sent if, in the professional judgment of authorities, the message would compromise efforts to assist a victim, or to contain, respond to or otherwise mitigate the emergency. It also authorizes the on-duty UConn Police shift supervisor, Fire Chief, Deputy Chief, Director of Public Safety & Police Chief and/or designee to create and initiate the Campus Alert. The Chief or director of Public Safety and/or designee may also consult directly the Office of the President to ensure an

immediate, timely notification to the campus via the emergency notification mechanisms mentioned above.

Sign-up for the University Alert System for Emergency Notification

In the event of an actual emergency, the campus community will be notified through text messaging, e-mail, and the Alert Notification Website. It is the students' responsibility to register their cellphones through the website. If you have a NetID, please go to <http://alert.uconn.edu/about.php> to register your cellphone.

For individuals without a NetID, including parents and neighbors, you can download the “myUConn” official Mobile App. The App has many features including access to the Alert Banner in the Notification Web site. To read more about the App or to download, please go to <http://my.uconn.edu/>

Missing Student Policy

If a member of the university community has reason to believe that a student is missing, whether or not the student resides on campus, all possible efforts will be made to locate the student to determine his or her state of health and well-being through the collaboration of UConn Police Department, Office of Student Services and Advocacy, Residential Life staff, and local law enforcement.

At the beginning of each year or upon matriculation, all students are given the opportunity to identify an individual to be contacted by the University in case of emergency.

This contact information is subject to the University's FERPA Policy. (See: <http://policy.uconn.edu/findPolicy.php?PolicyID=407>.) Consistent with Clery Act requirements, all students living in on-campus housing are also given the option each year, or upon moving into on-campus housing, to designate a confidential contact for use in case the student is reported missing. Although the same contact may be provided for both purposes, by law the missing student contact is distinct from the general emergency contact provided by all students, and is

held to a higher standard of confidentiality than the general emergency contact. It will be accessible only to authorized University personnel, and disclosed only to law enforcement personnel in furtherance of an investigation. To help ensure timely and complete notification and investigation in all missing student situations, confidential missing student contact should be provided and updated as necessary at www.peoplesoft/emergencycontact/whatever.shtml.

If a member of the university community has reason to believe that any student is missing, they should contact the UConn Police Department at 860-486-4800 any time. The UConn Police department will initiate formal investigation promptly, or ensure that the appropriate law enforcement agency initiates an investigation if the student's disappearance occurred from an off campus location. The UConn Police Department will communicate with one or both of the following departments:

- Office of Student Services and Advocacy (OSSA) at (860) 486-3426
- Residential Life Staff at (860) 486-9000

If OSSA and/or Residential Life are contacted first they will promptly contact UConn Police Department at (860)486-4800 and, in collaboration therewith, attempt to locate the student.

Annual Disclosure of Crime Statistics

As required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), the UConn Police Department's yearly crime statistics are compiled on a calendar-year basis in accordance with the definitions of crimes provided by the FBI for use in the Uniform Crime Reporting (UCR) system. The report includes statistics for the previous three years concerning crimes that occurred on campus and were reported to UConn Police or designated campus officials. Additionally, these statistics include persons referred for campus disciplinary action for categories required by the Clery Act, including liquor and drug law violations and illegal weapons possession. Statistical information for certain off-campus locations or property owned or controlled by the University, as well as public property within or immediately adjacent to and accessible from campus, are collected or requested from the neighboring police departments. The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the University community obtained from the following sources: the UConn Police Department, Connecticut State Police, Hartford Police, West Hartford Police, Groton Police, Groton City Police, Stamford Police, Torrington Police, and Waterbury Police, and individuals identified as Campus Security Authorities. For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year in which the crime was reported. A written request for statistical information is made on an annual basis to all Campus Security Authorities.

All of the statistics are gathered, compiled, and reported to the University community via the Annual Security and Fire Safety Report, which is published by the University of Connecticut Police Department. UConn Police Department submits the annual crime statistics published in the Report to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

Note: As the FBI, in its own crime report, notes: Caution should be exercised in making any inter-campus comparisons of schools, as University/college crime statistics are affected by a variety of factors. These include: demographic characteristics of the surrounding community ratio of male to female students, numbers of on campus residents, accessibility of outside visitors, and size enrollment.

Clery Act Reporting Descriptions

For purposes of reporting statistics, the University must distinguish criminal offenses according to where they occur. Geographic locations are defined as follows:

- ***On-Campus:*** (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified in paragraph (1), that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as food or retail vendor).
- ***Non-Campus Building or Property:*** (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.
- ***Public Property:*** All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

Hate crimes are crimes that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived race (RA), religion (RE), sexual orientation (SO), gender (G), ethnicity (E), or disability (D). Reportable crimes that are reported as hate crimes in the chart are coded in row 10—hate crimes. Additional categories for reporting hate crime data for 2008 include larceny, simple assault, intimidation, and destruction, damage, or vandalism of property.

It includes persons not arrested for liquor law violations, drug law violations, or illegal weapons possession, but who were referred for campus disciplinary action. A referral for campus disciplinary action for violation of University policies regarding alcohol, drugs, or weapons does not necessarily mean that a violation of law has occurred. Referrals that were the result of arrest or citation are reflected elsewhere in the chart. Data reported for the number of individuals referred for campus disciplinary action are from the Office for Student Conflict Resolution and University Housing reports.

Classifying Crime Statistics

The statistics that begin on page 27 are published in accordance with the standards and guidelines used by the Federal Bureau of Investigation Uniform Crime Reporting Handbook and the Clery Act.

The number of victims involved in a particular incident is indicated for the following crime classifications: murder/non-negligent manslaughter, negligent manslaughter, forcible and non-forcible sex offenses, and aggravated assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The number of incidents involving a particular offense is indicated for the following crime categories (includes one offense per distinct operation): robbery, burglary, larceny, and arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart.

In cases of motor vehicle theft, each vehicle stolen is counted.

In cases involving liquor law, drug law, and illegal weapons violations, each person who was arrested is indicated in the arrest statistics. If an arrest includes offenses for multiple liquor or drug law violations, it is only counted as a drug law violation since it is the more egregious offense.

The statistics captured under the “Referred for Disciplinary Action” section for liquor law, drug law, and illegal weapons violations indicate the number of people who are referred to the student conduct system in the Office of Community Standards and the allegation falls under a Clery definition. Such statistics indicate Community Standards received a referral and a record of the action is on file. Whether or not the student is found “responsible” for violating *The Student Code* has no impact on statistical reporting.

Statistics for hate crimes are counted in each specific Clery reportable crime category and therefore are part of the overall statistics reported for each year. The only exception to this is the addition of a bias-motivated simple assault resulting in bodily injury; the law requires that this statistic be reported as a hate crime even though there is no requirement to report the crime in any other area of the compliance document.

To help promote a fire-safe campus and ensure the safety of all residents, the University identifies items which students may or may not maintain in their residence hall. The following items are always prohibited in residence halls:

- Candles/Incense
- Open flame appliances
- Hot plates
- Halogen lights
- Open element heating devices which include: toaster-ovens, household electric grills/grilling equipment, toasters, electric frying pans, etc.

Students are permitted to maintain certain UL approved appliances in their dormitories which are limited to UL approved coffee makers, UL approved popcorn poppers, and microwave ovens of 700 watts or less.

Certain food preparation items are permitted within the kitchen areas of dormitory apartments only, which are limited to UL approved appliances such as coffee makers, popcorn poppers, toasters, toaster oven, hot plates, electric grills/skillets, microwave ovens, crock-pots, rice cookers, vegetable steamers, etc.

For more information about Fire safety go to: http://www.reslife.uconn.edu/fire_safety.html

Fire Log

As of January 2010, the UCONN Public Safety Dispatch Center has kept a daily Fire Log. This Log is available for public inspection for the most recent 60 day period. Any portion of the Fire Log that is older than 60 days is made available within two business days of a request for public inspection.

This Fire Log shall contain the following information:

- The nature of the fire
- The date the fire occurred
- The time of day the fire occurred
- The location of the fire

Emergency Response and Evacuation Procedures

As required by federal and state law, the University of Connecticut has a comprehensive emergency operation plan that details immediate response and evacuation procedures. The Emergency Operations plan includes incident priorities, shelter in place and evacuation guidelines.

As part of the comprehensive emergency operation plan for the University, regularly scheduled drills, exercises, and follow through activities are conducted annually. Minimally, tabletop exercises are conducted for various campus units identified as having emergency response responsibilities in order to test response and evacuations procedures. All exercises are documented and after action reported are completed as appropriate.

University of Connecticut police officers, firefighters, and supervisors received training on the National Incident management System which includes Incident Command System.

Evacuation drills are coordinated by the UConn Fire department working with University Residential Life each semester to ensure the emergency response and evaluation procedures are tested at least twice per year.

Evacuation Procedures for Dormitories

The following evacuation procedures are posted and reviewed by all occupants of each dormitory:

Upon hearing the sounding of fire alarm horns: All residents and guests must immediately evacuate the building.

Procedures to follow if smoke detector activation occurs in your room only: (No other alarms sounding throughout the building.)

1. If activation occurs and fire, smoke and/or a burning odor is present:

- Leave the room and close the door behind you.
- Pull the Fire Alarm Pull Box located at the building exits.
- Evacuate the building.
- Call 911 to report the fire, or possible fire. Be prepared to give location, name, and phone number if possible.

2. If an activation occurs and there is NO evidence of any fire, smoke and/or a burning odor.

- Leave the room and close the door behind you.
- Call 911 from a safe location to report, and then meet the responding Fire Department in a safe location outside of your room. Note: the Fire Department responds to all fire alarms including single smoke detector activation in a room whether or not the building fire alarm system is activated.
- If you subsequently discover evidence of fire, smoke and/or burning odor, follow steps outlined in step 1.

Emergency Evacuation

1. When exiting your room and the building:

- If you are not in immediate danger from smoke or fire, make sure that you quickly dress appropriately for weather conditions (i.e. coat, shoes, etc).
- If you are not in immediate danger from smoke or fire, make sure to close and lock all doors and bring your room key and ID card with you.
- Evacuate the building. If you are unable to evacuate, call 911 and give your name, location and phone number.

2. Once safely outside the building:

- Move away from building and immediately report to the designated assembly area to check in with residential life staff.
- Stay clear of all emergency vehicles. Do not stand in roadway/walkway. Do not block emergency vehicles from getting through.
- Do not re-enter the building until you are instructed to do so by an emergency responder or residential life staff.

Report any vandalized or disconnected smoke detectors to the Hall Director immediately. If one is found during a Fire, Health and Safety Inspection, a work order will be submitted to correct the problem and disciplinary action may result.

What to Do in Case of a Fire

Adapted from http://www.reslife.uconn.edu/fire_whattodo.html

UPON HEARING THE SOUNDING OF AN ALARM: All residents and guests must immediately evacuate the building.

1. WHEN EXITING YOUR ROOM AND THE BUILDING:

- Feel the door handle with the back of your hand, if door handle is not hot, open cautiously.
- Check for smoke or fire before going out.
- Make sure that you are dressed appropriately for weather conditions (i.e. coat, shoes, etc).
- Close and lock all doors. Bring your room key and ID card with you.

- Walk quickly to the nearest marked exit.
 - Use the stairs. **NEVER USE ELEVATORS DURING AN EMERGENCY EVACUATION**
 - Carry a towel with you to cover your face.
 - Stay low to the ground, below smoke. Crawl if necessary.
2. IF YOUR DOOR IS TOO HOT or IF THERE IS HEAVY SMOKE:
- Do not open your door.
 - Wedge cloth around the door cracks and remain in the room.
 - Call 911.
 - Open the window wide enough to attract the attention of fire officials and await rescue.
3. ONCE OUTSIDE OF THE BUILDING:
- Move away from building and immediately report to the designated assembly area to check in with Reslife staff
 - Stay clear of all emergency vehicles – do not stand in roadway/walkway and block emergency vehicles from getting through.
 - Do Not reenter the building until you are instructed to do so by an emergency responder or Residential Life staff.
 - For more information go to: http://www.reslife.uconn.edu/fire_safety.html

Means of Egress

It is important that in cases of fire or emergencies, residents have a clear path from their room to outside of the building. Dorm room doors must not be blocked with furniture or other items that will not allow for at least 30 inches of clearance. Furniture, bicycles or other items are not to be stored in corridors, stairwells, lounges or lobbies as these areas are typically the way out of a building in emergency situations. University's Plans for Future Improvement on Fire Safety

The UCONN Fire Department is currently updating its web site to include fire safety information and will be linked with that of the Department of Residential Life to provide fire safety and evacuation information.

- Some of the planned improvements are adding sprinklers and updated fire alarm systems to the existing houses that have been converted to student housing. We have also started to attend all of the freshmen orientation (26) secessions that are held during the summer months. We are also exploring the social media sites such as Facebook and twitter to get the fire safety message out.
- We have a Grant application in progress for a fire extinguisher training appliance and we will be applying for the burn trailer Grant when the application period opens up from FEMA.
- We are currently talking about fire safety with students while conducting drills.
- We did not pursue the message board after attending the Campus Fire Safety class last year because apparently the students are far more likely to use social media than watch a PowerPoint video.
- When staffing allows we will be expanding the Fire Safety component of the Fire Marshal's office to return to the first year student curriculum.
