Motion: That the following statement appear in the front part of the CLAS section of the Catalog.

“Unless an additional requirement is specified in a major, the Computer Technology Competency exit requirement for students of the College of Liberal Arts and Sciences does not go beyond the University entrance expectation.”

The intent of this motion is to make it unnecessary for each major to state that exit requirements in that major do not go beyond entrance expectations, unless the major does have additional requirements.

2b. REVIEW OF proposals to change catalog copy for CLAS majors

2004-104A-1 Change Major: American Studies
The American Studies Program at the University of Connecticut provides students with the opportunity to gain a critical understanding of the American experience while allowing individual students to define what aspects of that experience they would like to explore. Although our required courses focus largely on the United States, the field is now understood as comprising the study of issues and subjects from throughout the Western Hemisphere. Among the goals of the American Studies curriculum is to promote an awareness of complex cultural, political, and economic structures at the root of the social organizations that have existed throughout the history of what has come to be known as the “New World.” Other areas of concentration may include, for example, the ways in which literary, musical, and visual artists have articulated cultural concerns, our changing understandings of the geography and ecology of the Western Hemisphere, or issues of cultural and ethnic diversity.

**Prerequisite:** 100-level "Introduction to American Studies"

**Core Courses:** 15 Credits (One course from I, II, III, IV, and V below.)

I. One course from the following: HIST 210, 215, 238, 243, 244, 246, 249.

II. ENGL 270 American Literature to 1880; or 271 American Literature since 1880

III. POLS 241 American Political Parties; or POLS 251 Law and Society; or POLS 252: Constitutional Law; or POLS 275 The Presidency and Congress; or ECON 203 Economic History of the United States

IV. One 200-level course that deals with Latin America, Canada, or the Caribbean.

V. INTD/ENGL 265W Seminar in American Studies

**Track Requirement:** 9 Credits

Students must choose a "Track" from the four American Studies tracks. They must take three 200-level courses from within this track.

The American Studies Tracks are:
1. History, Culture, and Society
2. Literature and the Arts
3. Economics, Political Science, and the Law
4. The Americas

The following are the courses that are included in each track.

**Track I – History, Culture, and Society**

**Track II – Literature and the Arts**

ARTH 253, 254, 256; DRAM 231, 251; ENGL 251, 252, 270, 271, 272, 274, 276, 277, 278
**Track III – Political Science, Economics, and the Law**
BLAW 275; COMS 238; ECON 203, 268; HDFS 274; HIST 235, 242, 248, 249; JOUR 220; NRME 240; PHIL 226, 245; PHRM 208; POLS 207, 215, 217, 219, 221, 224, 241, 248, 251, 252, 253, 255, 260, 270, 274, 275, 276; SOCI 267

**Track IV – The Americas**

A number of these courses are cross-listed in the catalog, but in most cases they appear on this list only once. Many are offered as “W” courses, and some may have departmental prerequisites.

Other courses, such as “Special Topics” courses, may be used to fulfill American Studies requirements with the approval of the Director of American Studies. (If possible, students should seek such permission before taking the course.) All courses must be taken for three credits.

The Core Courses may not be used to fulfill the 9-credit track requirement. A second core course from the same group, however, may be so used. Seminar in American Studies: 3 Credits (W)

This seminar will provide an in-depth study of a historical period, event, or cultural movement from an interdisciplinary perspective. Students will produce a substantial essay on a topic approved by the instructor.

**INTD/ENGL 265W Seminar in American Studies satisfies the Information Literacy Competency and “Writing in the Major” requirements.**

**Related Courses: 12 Credits**
Students will take four related courses. The approval of these courses as germane to the American Studies major will be left to the discretion of the advisor.

A minor in American Studies is described in the “Minors” section.

Study Abroad in Austria and Germany. The University of Connecticut sponsors a variety of programs in Salzburg, Regensburg and a number of universities in the State of Baden-Württemberg that allow students to follow their own concentration and interests. Students also have the possibility of work-study programs and internships.

2004-104A-6 Change Major: History
Approved

The study of history aims at the understanding and disciplined reconstruction of past human activities, institutions, ideas, and aspirations in the light of present knowledge and in the hope of usefulness for the future. History belongs both to the humanities and to the social sciences. It is studied both for its own sake and for the light it throws on the present problems and future prospects of particular societies and of humankind in general.

A major in history in combination with work in foreign languages, philosophy, literature, and the social sciences provides a broad foundation for informed citizenship. History majors find employment in many fields of human endeavor from arts and business to public service and zymurgy. Specialization in history is especially valuable as pre-professional training for law, government, diplomacy, and journalism and for library, archival, and museum administration.

Requirements for the Major in History: Undergraduate majors are required to take at least 27 credits in 200-level courses, which must include one three-credit course from each of Groups A, B, and C, and two three-credit courses from Group D. All majors must take HIST 211 in the
semester following their declaration as majors, and all majors except Honors students must take HIST 297W in their senior year. Honors students should take in sequence 297W and 200W or 299 and 200W. With the consent of the undergraduate major's advisor, 300-level courses may be used to fulfill the distribution requirement. HIST 211 and 297W satisfy the "Writing in the Major" requirements.

Group D - Africa, Asia, Latin America, and Middle East  200, 201, 204, 205, 221, 222, 223, 224, 226, 253, 270, 275, 276, 277, 278, 280, 281, 282, 283, 285, 286, 287, 288, 289, 290, 292, 293, 295, 296, 297, 298, 299

Advisor approval is necessary to determine where to place 200, 201, 270, 292, 293, 295, 296, 297, 298, and 299 in the distribution requirement (Group A, B, C, or D).

A minor in History is described in the Minors section.

2004-104A-7 Change Major: Individualized Major
Approved
catalog copy

Students with a grade point average of 2.0 or higher may apply for an individualized major. The 36 concentration credits numbered 200 or above may come from two or more departments in the University. At least 18 of the credits shall come from departments of this College. Students must earn a grade point average of 2.5 or better in the 36 concentration credits. The student may include no more than 6 credits of independent study nor more than 12 credits of field work. All students with an approved individualized major plan of study must complete a capstone course as part of their concentration credits: they must register for INTD 295W (INTD 296W for honors students or students doing distinction projects) during their last academic year. (Double majors and additional degree students may meet the capstone course requirement by substitution if they register for a capstone course or thesis in the final year of their other major/degree.) Students may submit proposals for admission to the individualized major once they achieve third semester status and may be admitted after completing three semesters of work (45 credits). The latest they may submit proposals is prior to beginning their final 30 credits of study. Internship, field work, research, or study abroad is recommended as part of the proposed plan of study. The proposed field of concentration must show coherence of subject matter or principle and have academic merit. For further information and application forms, see the Individualized Major website at: http://www.imjr.uconn.edu/ or contact the Individualized Major Program Director at (860) 486-3631.

With respect to the Computer Technology competency requirement, the University’s basic
entrance expectations are considered to be adequate for Individualized Majors in general. However, Individualized Majors are required to consider if more advanced Computer Technology competency is required for their major and, if yes, specify as part of their plan of study how they will achieve it.

To satisfy the Information Literacy competency, all majors must take INTD 295W (or INTD 296W). In addition, all majors must include one research methods or research course in their plans of study. (Double majors and additional degree students may choose to satisfy the Information Literacy competency outside the Individualized Major.)

To satisfy the Writing in the Major requirement, all students must nominate one other 200-level course in which they will write in a relevant academic discipline (where feasible, this course should be a W course) and, in addition, take INTD 295W (or INTD 296W). (Double majors and additional degree students may choose to satisfy the exit level Writing in the Major competency outside the Individualized Major.)

[Note from the Chair, Nov. 2, 2004: catalog copy for this major did not include the most recent version of language in the preceding paragraph regarding "Writing in the Major" as approved by the Individualized major steering committee on Oct. 12, 2004. Text indicated in magenta represents the corrected version that should included in catalog copy. TT]

2004-104A-9 Change Major: Journalism
Approved

This department offers professional preparation for students who are planning careers in journalism. It also offers other students the chance to improve their writing, interviewing and research skills and to learn about the news media.

Students in writing courses are expected to produce work of professional quality and to publish that work when possible.

Students who major in journalism should also take related courses in history, economics, political science and other liberal arts disciplines as a sound preparation for news reporting. The department strongly urges students to complete a second major. Students also should gain professional experience before graduation, either through part-time jobs, the Co-operative Education Program or the department's internship program. Internships are available at newspapers, radio and television stations, magazines, public relations offices and political press offices.

In addition to satisfying the requirements of the College, majors must complete 24 credits in journalism at the 200s-level, including JOUR 200W, 201W, 202, 220 and 230. JOUR 102 is a prerequisite for JOUR 202.

A journalism education is, by definition, an education in writing and information literacy. A journalism major will fulfill the Writing in the Major Requirement and the Information Literacy Competency by completing the department's core courses (Journalism 200W, 201W, 202, 220 and 230).

Students will fulfill the Computer Technology Competency by (a) meeting the university's expectations in computer operation basics, word processing, presentation software, spreadsheets, database basics, graphics and multimedia, Internet basics and electronic communication, and (b) completing Journalism 230.

Journalism majors are advised to consult with their advisors about additional computer skills that may be helpful to them, based on individual career plans.

Students must apply to the Journalism Department to become majors. They must do so by the end of the third full week of classes in the fall or spring semester. A student who is not accepted initially may reapply in subsequent semesters. Forms can be obtained in the Journalism Department Student Resource Center, Arjona 428.
Students must meet the following two requirements:

1) Successful completion of at least 39 credits. (Students who are members in good standing of the University Honors Program may apply after completing 23 credits at UConn.)
2) Cumulative GPA of at least 2.8 - or - successful performance on a timed writing exercise administered by the department. Applicants taking the test must show mastery of the fundamental tools of writing, including spelling, grammar and syntax.

The applicant's academic record and goals also will be considered.

Water covers more than two-thirds of the Earth's surface and the majority of the human population lives within 50 miles of navigable waterways. The world's oceans and great riparian systems have provided the dominant medium for human economic and cultural exchange and the context for many of humanity's most dramatic stories, powerful technologies, and aesthetic and literary achievements.

Maritime Studies is an interdisciplinary major that embraces the liberal arts as the foundation for exploring humankind's critical and continually evolving connections with the world's waterways and watersheds. The Maritime Studies Program combines rigorous liberal arts training in recognized humanities and social science disciplines such as history, English, economics, political science, and anthropology with specialized courses, interdisciplinary seminars, and research and internship opportunities that focus on issues, traditions, and problems that influence life in maritime regions. A complement to the Marine Sciences Department Coastal Studies Program, Maritime Studies highlights the social and cultural side of the human/water relationship, but recognizes and explores the links between human activities and the composition and the condition of the coastal and marine environments.

Maritime Studies is a flexible but focused major that students may shape to meet a wide range of occupational and educational goals. Depending upon the track of studies selected, Maritime Studies students may prepare for a range of careers including those in the maritime service and heritage tourism sectors as well as for graduate study in maritime and public history, English, journalism, marine policy and cultural resource management, planning and regulation, education, law, or business. The Maritime Studies Program takes advantage of the UConn-Avery Point campus' unique Long Island Sound location and its many coastal and maritime educational resources and research programs including the UConn Sea Grant Institute, the National Undersea Research Center, the Long Island Sound Resource Center, and Marine Sciences Department. Significant internship and research opportunities for students are also available through agreements with regional institutions that include Mystic Seaport, the one of the world's premier maritime museums and research centers.
